CAPDEPERA GOLF

Capdepera Golf, located between Capdepera Castle and Artà, was designed by Dan Maples, a renowned North American architect, and has an 18-hole course, with both simple holes and others that pose a challenge for our golfers and which are played between the mountains of the Mallorca Levante, which makes the experience even more special.

One of the most interesting points is the 15th hole, with impressive panoramic views of the valley and the coast. In the press, Mallorca Magazine has described it as the most beautiful hole on the island. The Club House has a well-stocked golf shop where you will find all golf-related items.

Pula Golf was founded in 1995 and completely redesigned by José María Olazábal between 2004 and 2006 to meet the demands of international and professional golf. It has been transformed into a long and demanding course, par 72 of 6,246 m, where of the 18 holes, on 14 holes you can see the green from the tee and on the remaining 4 from the 2nd shot. Pula Golf has a large Driving-Range with two levels, one of them covered, 2 Putting-Greens and a Pitching Green. Pula Golf has been the scene of very important events, PGA European Tour Championships Mallorca Classic, Mallorca Skin Games, Olazábal & Nadal Invitational. Bourdy, Hanson, Jiménez, Gonzalo Fernández Castaño, Álvaro Quirós, Olazábal, Darren Clarke, Molinari, Kaymer, Canonica, Sergio García, Rafa Nadal etc. are some of the greats who have played at Pula Golf.

Club de Golf Son Servera

A course that reflects the nature of the island. Our golf course stands out for its diversity and for featuring many of Mallorca's natural sites. With wide fairways and roughs, it is ideal for players of all levels.

The course has different types of trees that add challenges on the way to the greens. Holes 3 to 7 are particularly interesting, winding through pine forests, a lake and mounds.

The greens are undulating, and water is present on 6 holes, but there are strategic options for experienced players and beginners.

In addition, you can enjoy panoramic views of the mountains and the pine valley, which protects the course from winter storms. The presence of flowers, rabbits, ducks and birds creates a colorful and exceptional atmosphere. With a par of 72, our course offers a beautiful, challenging and fun experience for all golfers.

Canyamel Golf Course on the largest of the Balearic Islands, Mallorca, offers you two holes with maximum difficulty (2/13) and curious features such as hole 9, par 4, with a stone house in the middle that makes it difficult to complete the 320 meters in 4 strokes.

Hole 4 tempts you to let yourself be distracted by the fantastic scenery while playing golf, because from here you can not only enjoy the view of the Mediterranean, but also look directly at the Balearic island of Menorca.

The spectacular 18th hole with a triple "piano" bump, which can also be viewed from the restaurant terrace after playing golf.
